

UAN Creation & Activation via UMANG App

Step-by-Step Visual Guide (Official EPFO Process)

Step 1: Open the UMANG App on your smartphone (Android / iOS).

Step 2: Go to EPFO Services and select 'UAN Allotment and Activation'.

Step 3: Enter Aadhaar Number and Mobile Number linked with Aadhaar. Verify via OTP.

Step 4: Complete Aadhaar Face Authentication using the Aadhaar Face RD App.

Step 5: New UAN is generated and sent to your registered mobile number via SMS.

Step 6: For existing UANs, enter UAN details and complete OTP + Face Authentication to activate.

Important Notes

- Aadhaar-linked mobile number is mandatory.
- Aadhaar Face RD App must be installed before face authentication.
- This process is mandatory as per EPFO guidelines.
- Employer intervention is not required for normal Indian employees.
- UAN and temporary password will be received via SMS after activation.
